

English 12 Formal Paragraph

Hello everyone!

By this Friday you should have read approximately 2/3 of your novel/play. No matter which title you are reading, the characters in the story are experiencing a lot of **adversity due to where the story is set, and what is going on in the world at the time.**

Using three direct quotes, explain how the setting (time and place) impacts the plot and the characters. The explanations for these quotes should refer back to your thesis. Remember to double space, source your three quotes, and use MLA format.

Due: Friday, May 8th.

You can refer to my website for review of the formal paragraph structure as well as MLA format if you have forgotten!
